HAPPY HOUR

Cool stools and colourful tables for residential and commercial patios

3

1 Husk
by B&B Italia

Like Patricia Urquiola's original Husk collection, the outdoor version is made of recycled and recyclable steel and aluminum. This three-legged side table comes in hues of sky blue, acid green, orange, black and white. beitalia.it

2 Polo
by Segis

Defined by its floral base, this cocktail table in die-cast aluminum matches stackable armchairs with the same motif. segis.it

3 Sezz
by Emeco

Originally created for the interiors of the Hotel Sezz in St. Tropez, France, Christophe Pillet's bar stool is Emeco's latest designer piece. Made of 80 per cent recycled aluminum, the bottom-hugging seat is part of a hand-brushed collection of six. emeco.net

4 Katana
by Potocco

Mauro Lipparini's iroko wood table, atop three vibrant metal legs, is right at home on a residential patio. The larger four-legged version has a rectangular top. potocco.it

5 BCN
by Kristalia

Barcelona's Harry&Camila created this curvy ergonomic stool from tubular steel and a tough-wearing engineered thermoplastic polymer. It comes in two heights. kristalia.it

6 Hook
by Richard Lampert

With an unusual loop that extends from the base, enabling it to be hung on a wall, Eric Degenhardt's powder-coated side table is big on character if small in stature. The foldable piece comes in two sizes and several colours: white, grey, yellow or blue. richard-lampert.de
